Manassas, VA – September 25, 2009 – J.D. Roy Excavating, Inc., a leading site [excavation contractor](#) based in Manassas, VA, is pleased to announce that the company is celebrating its tenth year in business. When founded in 1999, J.D. Roy Excavating owned one backhoe and dump truck. The company now owns an extensive fleet of heavy equipment, performing turnkey residential, commercial and municipal site development work throughout Northern and Central Virginia with single projects ranging in value from \$100K to over \$3M.

Founder and president, Joe Roy is optimistic about the future and remains focused and active in the operations of the company. "We have been fortunate to establish critical relationships within the construction industry", Joe Roy commented. "The key to our success has been the quality workforce we employ, as well as having a clear understanding of our capabilities as a [contractor](#) to provide the highest quality product for our clients. We are excited about the future and feel confident that we have successfully positioned ourselves as an organization to foster the future growth of J.D. Roy Excavating", Joe Roy mentioned when discussing the ten year corporate milestone.
